

## Intensive-Online-Course / German for Physicians

### Target Group:

doctors from abroad who plan on working in Austria

### Content:

- individual evaluation of your current level of German
- individual study plan: teaching will build on your pre-existing knowledge
- vocabulary, grammar and speaking exercises are based on what is most relevant for practising as a physician.

### Method/Structure:

- one-to-one lessons (individualised teaching)
- five/ten online lessons (45min per lessons) (singular lessons can also be booked)
- teaching is delivered by two trainers (one medical professional and one certified German teacher)
- evaluation through written examination
- written exercise material for self-study and frequent feedback

### Target/Your Gain:

- teaching adapts to your personal targets (you tell us what you want to get out of the course, and we deliver)
- possible targets: achieving a level of German, which enables you to do an internship in Austria; preparation for the German exam at the Austrian Medical Association; refining your German skills
- lessons are scheduled based on your availability
- study at home, without travel and hotel costs

### Trainers:

- **Manuela Kotz:** dipl. GKP (nurse), Teacher and Coach
- **Mag. Roman Wimmer:** German teacher, adult teacher

**Please ensure**, you have access to a broadband internet connection and have a Google account (Google Drive, Hangout will be used). The usage of a headset is recommended!

### Your Investment:

- one lesson **90€**
- 5 online lessons plus individually written branch-specific exercise sheets and correction of homework **405€**
- 10 online lessons plus individually written branch-specific exercise sheets and correction of homework **792€**

**We recommend** that you participate in the intensive exam-preparation workshop in Vienna, prior to taking the German exam at the Österreichische Ärztekammer.
